## MATH 104-02: Introduction to Analysis

 $\begin{array}{c} \text{Homework} \ \#10 \\ \textit{Due November 13, 2013} \end{array}$ 

- 1. Exercise 23.2(a)(c) (only the radius of convergence, you do not have to compute the interval of convergence)
- 2. Exercise 23.7
- 3. Exercise 23.8
- 4. Exercise 24.4
- 5. Exercise 24.10
- 6. Exercise 24.13
- 7. Exercise 24.17
