We invite applications for these special (non-tenure-track) positions, with an expected start date of July 1, 2016. A PhD (or equivalent degree) in Mathematics, Applied Mathematics, or a related field is required by the time of hire. Preference will be given to candidates at the early stage of their careers. The appointment term is at full-time for three years, with an annual nine-month salary of $65,000. Duties include conducting research and teaching 3 single semester courses per year, usually at the upper division and graduate levels.

APPLICATIONS SHOULD BE SUBMITTED ONLINE via http://www.mathjobs.org. Applicants should submit the AMS cover sheet, curriculum vitae, a list of publications, a research statement, and teaching documentation, such as a teaching letter and/or student evaluations. A statement on professional service, including service promoting access to and diversity in higher education and the academic profession, is optional. Applicants should ask three reviewers to submit letters of evaluation through mathjobs.org. It is the responsibility of the applicant to make sure that letters of evaluation are posted by the application deadline. All letters will be treated as confidential per University of California policy and California state law. Please refer potential referees, including those whose letters are provided via third parties such as dossier services or career centers, to the UC Berkeley statement of confidentiality: http://apo.berkeley.edu/evalltr.html.

Applications must be received on or by December 1, 2015. Applicants must have completed all PhD (or equivalent degree) requirements, except the dissertation, by the time of application. Please direct questions to Monica Warde at recruit@math.berkeley.edu.

The University of California is an Equal Opportunity, Affirmative Action Employer. All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, disability, age or protected veteran status. For the complete University of California nondiscrimination and affirmative action policy see: http://policy.ucop.edu/doc/4000376/NondiscrimAffirmAct.

The University and Mathematics Department are committed to maintaining a diverse and family friendly work environment and are responsive to the needs of dual career couples and to family concerns.
