We invite applications for one non-tenure-track position with expected start date of July 1, 2016. A PhD (or equivalent degree) in Mathematics or a related field is required by the time of hire. Preference will be given to candidates at the early stage of their careers. This position is partially supported by a Simons Foundation collaboration grant focused on homological mirror symmetry. Candidates whose research contributes to this specific field are strongly preferred. The appointment term is at full-time for three years. Duties include conducting research with a reduced teaching load of one semester course per academic year. The annual salary is $60,000, with an additional stipend of $10,000 in each of the three years for summer research.

APPLICATIONS SHOULD BE SUBMITTED ONLINE via [http://www.mathjobs.org](http://www.mathjobs.org). Applicants should submit the AMS cover sheet, curriculum vitae, a list of publications, a research statement, and teaching documentation, such as a teaching letter and/or student evaluations. A statement on professional service, including service promoting access to and diversity in higher education and the academic profession, is optional. Applicants should ask three reviewers to submit letters of evaluation through mathjobs.org. It is the responsibility of the applicant to make sure that letters of evaluation are posted by the application deadline. All letters will be treated as confidential per University of California policy and California state law. Please refer potential referees, including those whose letters are provided via third parties such as dossier services or career centers, to the UC Berkeley statement of confidentiality: [http://apo.berkeley.edu/evalltr.html](http://apo.berkeley.edu/evalltr.html) prior to submitting their letters.

Applications must be received on or by December 1, 2015. Applicants must have completed all PhD (or equivalent degree) requirements, except the dissertation, by the time of application. Please direct questions to Monica Warde at recruit@math.berkeley.edu.

The University of California is an Equal Opportunity, Affirmative Action Employer. All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, disability, age or protected veteran status. For the complete University of California nondiscrimination and affirmative action policy see: [http://policy.ucop.edu/doc/4000376/NondiscrimAffirmAct](http://policy.ucop.edu/doc/4000376/NondiscrimAffirmAct).

The University and Mathematics Department are committed to maintaining a diverse and family friendly work environment and are responsive to the needs of dual career couples and to family concerns.
