Lecturer in Summer Session 2017  
Department of Mathematics  
University of California, Berkeley  
Berkeley, California 94720

The UC Berkeley Department of Mathematics invites applications for part-time, non-tenure track, Lecturer in Summer Session 2017 positions.

The number of positions will vary, depending upon the needs of the math department. Lecturer in Summer Session appointments will be made for the eight-week session from June 19, 2017 through August 11, 2017.

Mathematics courses in Summer Sessions 2017 will include:
- Calculus
- Methods of Mathematics: Calculus, Statistics, and Combinatorics
- Analytic Geometry and Calculus
- Precalculus
- Multivariable Calculus
- Linear Algebra and Differential Equations
- Discrete Mathematics
- Introduction to Analysis
- Linear Algebra
- Introduction to Abstract Algebra
- Introduction to Number Theory
- Introduction to Partial Differential Equations
- Numerical Analysis
- Introduction to Complex Analysis

General duties: Lecturers are expected to teach classes, hold office hours, develop syllabi and assignments, write, administer, and grade exams, assign course grades, and maintain course website(s). Courses will be assigned on an as-needed basis. Other duties may be assigned by the Department Chair as necessary.

Qualifications: The minimum qualifications required for consideration as an applicant for the position are completion of all PhD or equivalent degree requirements except the dissertation, by the time of application. Documented experience in teaching Mathematics at the college level is also required at the time of application. A PhD or equivalent degree in Mathematics or a related field is required by the start date.

Salary: The salary for this position is commensurate with teaching and professional experience.
Please direct questions to Monica Warde at recruit@math.berkeley.edu.

APPLICATIONS SHOULD BE SUBMITTED ONLINE via https://aprecruit.berkeley.edu/apply/JPF01321. Applicants must submit a curriculum vitae, a statement of teaching philosophy, and teaching documentation (e.g. teaching materials, such as past syllabi, and/or student evaluations). A statement on professional service, including service promoting access to and diversity in higher education and the academic profession, is optional. Two letters of recommendation are required; a third letter of recommendation is optional. Letter writers will receive a URL from the online application system to upload their letters. It is the responsibility of the applicant to make sure that letters of recommendation are requested and submitted in the online application system. All letters will be treated as confidential per University of California policy and California state law. Please refer potential referees, including those whose letters are provided via third parties such as dossier services or career centers, to the UC Berkeley statement of confidentiality: http://apo.berkeley.edu/evalltr.html, prior to submitting their letters.

The University of California is an Equal Opportunity, Affirmative Action Employer. All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, disability, age, or protected veteran status. For the complete University of California nondiscrimination and affirmative action policy see: http://policy.ucop.edu/doc/4000376/NondiscrimAffirmAct.

The University and Mathematics Department are committed to maintaining a diverse and family friendly work environment and are responsive to the needs of dual career couples and to family concerns.
