Publications

John Lott

27. “$L^2$-Cohomology of Geometrically Infinite Hyperbolic 3-Manifolds”, Geom. Anal. and

75. “Singular Ricci Flows I”, with Bruce Kleiner, preprint

77. “On Noncollapsed Almost Ricci-flat 4-Manifolds”, with Vitali Kapovitch, preprint

78. “Collapsing in the Einstein flow”, preprint

79. “Eigenvalue Estimates and Differential Form Laplacians on Alexandrov Spaces”, preprint
80. “The collapsing geometry of almost Ricci-flat 4-manifolds”, preprint

81. “Backreaction in the future behavior of an expanding vacuum spacetime”, preprint

Other

82. “The Geometry of Supergravity Torsion Constraints”, prepared for the 2001 Park City Mathematics Institute
